Authentic Viking Swords by Museum Replicas

Viking swords were expensive to make. They were typically double edged, but single-edged swords were also used. The blades were pattern-welded, a method of sword making where iron and steel were forge-welded together. Together with weapons such as the battle-axe and the spear, the sword was one of the most useful offensive tools for a Viking

Iron Age sword - Wikipedia

With the spread of the La Tene culture at the 5th century BC, iron swords had completely replaced bronze all over Europe. These swords eventually evolved into, among others, the Roman gladius and spatha, and the Greek xiphos and the Germanic sword of the Roman Iron Age, which evolved into the Viking sword in the 8th century.. There are two kinds of Celtic ...
